

## COMMAND POLICY ON SEXUAL ASSAULT PREVENTION & RESPONSE

The Futenma family will not tolerate sexual assault. **Sexual assault is a crime and destroys the cohesion, trust and confidence of the Futenma Family while depriving individuals of their safety, peace of mind and over all well-being.**

We are all responsible for fostering an environment (on and off duty) which is free from sexual assault and allows all members of the command (Marines, Sailors, civilians and families) to live and work in a safe environment.

Members of MCAS Futenma will report any allegations of sexual assault via the Sexual Assault Response Coordinator (SARC) or our Uniformed Victim's Advocates (UVA's). Members who have been sexually assaulted are urged to report the assault via the unrestricted or restricted processes available to all of us via the SARC. The Marine Corps Air Station Chaplain is always available to offer counseling and comfort to those in need.

We will take the first step in preventing and eliminating sexual assault in our Futenma Family by fostering an environment conducive to promoting the welfare and personal/professional development of our Marines and Sailors. **Leaders at all levels are expected to remain engaged and to be proactive in eliminating behavior, discussions and acts which are contrary to the fight against sexual assault.** Anything less is unacceptable and will not be tolerated.
